Table 1 – Search Engines and Phrases

Search Engine or Site	Search Phrase	Useful? (yes/no)
Google.com	How to raise event in C#	Yes
Stackoverflow.com	Multi thread C#	No
YouTube	The delegate C#	No
Bing	The backgroundworker class C#	No
MSDN	Hashset class C#	Yes

Table 2 – Sources Used and Sources Rejected

Source Considered	Used in solution? (yes/no)	If not, why not? (not relevant, not credible, not needed)
https://msdn.microsoft.com/en-us/library/system.windows.forms.colordialog(v=vs.110).aspx	No	It was confusing me more than how it helped.
https://msdn.microsoft.com/en-us/library/system.windows.forms.datagridviewcellstyle.backcolor(v=vs.110).aspx	Yes	
https://msdn.microsoft.com/en-us/library/at1k42eh(v=vs.110).aspx	No	The property contains three arguments only and that is where bothering me the most.

https://msdn.microsoft.com/en-us/library/1hstcth9(v=vs.110).aspx	No.	The confusing description and poorly useful demo code just doesn't bring me to anywhere.
https://msdn.microsoft.com/en-us/library/system.windows.forms.colordialog(v=vs.110).aspx	Yes	
https://msdn.microsoft.com/en-us/library/system.drawing.color.toargb(v=vs.110).aspx	Yes
